## Call for Proposals

### EARLI-SIG5: Learning and Development in Early Childhood

We are pleased to announce that the venue of the conference in 2010 will be at the University of Teacher Education Central Switzerland, in the heart of the picturesque medieval town centre of Lucerne in Switzerland. Please check the conference website for updates on keynote speakers, the program, social events and registration.

As a newly founded SIG, we encourage paper/poster/roundtable submissions related to the theme of our SIG: **Learning and Development in Early Childhood** and are asking for allocating your submission to one or two of the following sub-themes:

- Teaching and Teacher education
- Quality in various settings
- Social Interaction
- Developmental Aspects
- Methods of Collecting and Analyzing Data

Presentations will encourage further interaction and enable joint projects for the preparation of the next main EARLI conference. In addition, any other ongoing work in the field is welcome. The conference language will be English.

For Submissions please use the Submission Form on the website. A committee of SIG members will review all proposals.

#### Important dates:
