JACOBS FOUNDATION TRAVEL BURSARIES for JURE 2022

The EARLI Executive Committee, in collaboration with the Jacobs Foundation, is committed to recognise high-quality research conducted in countries that are facing financial struggles and where researchers have little access to funds. As such, we are pleased to offer the Jacobs Foundation Travel Bursaries for participants in JURE 2022 with an accepted presentation. Participants who are awarded a travel bursary will receive a one-off bursary towards their travel costs (€ 1,000) and a fully waived conference fee for JURE 2022.

The main criterion to qualify for the award is that the applicant must reside and work in a low-GDP country¹ or countries we hope to attract new JURE members from. As such, only applications from the following countries will be considered:

- **African countries**
- **Asian countries** (with following exceptions: Brunei Darussalam, Hong Kong SAR, Israel, Japan, Republic of Korea, Kuwait, Macao SAR, Qatar, Singapore, United Arab Emirates)
- **Latin American countries** (with the exception of Puerto Rico)
- **South Pacific countries** (with the exception of Australia and New Zealand)
- and the following countries in **wider Europe**: Albania, Andorra, Armenia, Azerbaijan, Belarus, Bosnia and Herzegovina, Bulgaria, Croatia, Czech Republic, France, Estonia, Georgia, Greece, Hungary, Italy, Kazakhstan, Kosovo, Latvia, Lithuania, North Macedonia, Moldova, Montenegro, Poland, Romania, Russian Federation, Serbia, Slovak Republic, Turkey and Ukraine.

¹ To determine the status of a low-GDP country, EARLI uses the World Bank Data for 2020: https://data.worldbank.org/indicator/NY.GDP.PCAP.PC.ZS

A low-GDP country is determined as a country which has an annual GDP per capita lower than 71% of the GDP of the total European Union (lower than $ 24,221.58 USD).
