

JURE 2024

University of Sevilla, Spain

24 - 28 June 2024

JURE 2024 – REVIEW RATIONALE

The JURE International Organising Committee (IOC) has set the following thresholds for accepting a proposal at the JURE 2024 conference:

Score	Review Decision
0% - 39%	Rejection for all submission types.
41% - 59%	Posters and Roundtables are accepted from 41% onwards. Single Papers scoring between 41% - 59% are accepted as a Poster. Single Papers are accepted from 60% onwards.
60% - 100%	Acceptance for all submission types.

Please note that all scores refer to “combined review scores” (average of review scores).

In case of a discrepancy score (25 % or more) between the two initially assigned reviewers, a third reviewer has been called in for proposals scoring on average between 31 % - 69%. Once the three review scores have been collected, the two closest scores will be considered to determine the final outcome, disregarding the third, outlier score.
