

EARLI 2017 – FUNDING FOR PRESENTERS

Dear Colleagues,

The EARLI Executive Committee (EC) would like to express its commitment to our members who are facing financial struggles and for whom the conference attendance is perhaps not an evident option. In order to do so, the EARLI EC offers **funding which will be granted under the form of a waived conference fee** to a number of participants that fit the requirements below. We feel that this extra funding might be helpful and that this would help to sustain our research community.

In order to be eligible for the bursary application, you should have:

- **A proposal accepted for the EARLI 2017 conference as a presenting author.** Only first authors can apply and will be considered for funding. Applications of persons only attending the conference as a chair, discussant or co-author will not be considered. People who already had their conference fee waived by EARLI in the past, or who are funded by an external funding body are not eligible either.
- **The quality of the proposal will also be taken into account, as we strive to have high quality presentations at our conference.** The average reviewing score for the applicant's proposals, as result of the 2017 review process, will serve as a reference.
- The applicant's list of publications (2007 - 2017) and scientific achievements from the past 10 years.

Additionally, a financial criterion will be taken into account whether a presenting author is eligible for the funding. As such, EARLI will use the [World bank data for 2015, GDP per capita](#). The threshold for low-GDP (Gross Domestic Product) countries is determined at annual income per capita of less than 26,000 USD.

Therefore, we **only** consider funding requests coming from the following low-GDP countries:

- African countries
- Asian countries (**with following exceptions:** Brunei Darussalam, Hong Kong SAR, Israel, Japan, Korean Rep., Kuwait, Macao SAR, Qatar, Singapore, United Arab Emirates)
- Latin American countries

and the following countries in the wider European area:

Albania, Armenia, Belarus, Bosnia and Herzegovina, Bulgaria, Croatia, Czech Republic, Estonia, Greece, Hungary, Kosovo, Latvia, Lithuania, FYR of Macedonia, Moldova, Montenegro, Poland, Portugal, Romania, Russia, Serbia, Slovakia, Slovenia, Spain, Turkey and Ukraine.

Presenting authors from all other countries are not encouraged to apply for funding.

The final decision on granting the funding will be made by the EC. Preference will be given to funding participants working in European countries, as EARLI is a European association.

Please note that the waived conference fee will be assigned to delegates participating in the EARLI Conference or in the EARLI + JURE Conference and **not** to delegates participating solely in the JURE conference.

Should you meet these criteria, please send your application form to the EARLI Office (info@earli.org) by **March 7, 2017**. Your request will be examined based on these requirements, after which you will be notified (beginning of April).

We hope that this will allow you to join our conference in Tampere. Please do not hesitate to contact us if you would have any additional questions.

Best Regards,

The EARLI Executive Committee

UNIVERSITY
OF TAMPERE

EARLI 2017 bursary application form

Dear Bursary Applicant,

Please provide the following information in order to apply for the waived conference fee. Only one application can be submitted per person.

First Name	
Last Name	
Nationality	
Contact details (e-mail)	
Title of accepted presentation at the EARLI 2017 Conference	
(Co-)authors of this presentation	

Short overview of your publications and scientific achievements from the past 10 (if applicable) years (maximum 500 words).

Please also upload your CV in attachment, which may include more details on your scientific achievements of the past 10 years.
